

IDPA MATCH – January 24, 2016

19 shooters turned out on this cool January morning for the new and improved IDPA Match. This was a test run and everyone seemed to like the flow of the match, as well as the scenarios. The day turned out to be great for a match. Thanks to everyone who helped Todd set up and tear down and run the match. We look forward to a great February match, which will be in the new time slot on the 4th Saturday of the month, February 27th at 10 am.
