

The July match will be the Sporter Rifle Match, this is a .22lr match shot from the prone and seated/kneeling positions @ 50 yards and from the off hand position @ 25 yards. Two divisions Iron sights (notch and post) and Optics (6x max and aperture sights). All rifles must weigh less than 7.5 pounds (rifles will be weighed at registration) . We will be allowing any stock configuration (Military AR, thumb hole, hybrid type) as long as it meets weight and sight/optic restrictions. We will also have disability exemptions for shooters with physical limitations.

If you have any questions please contact me or Dave Marteney
(vettndave@comcast.net)

This is a fun and awesome match for the .22 rifles I know we all have one, you know that 10/22, Nylon 66, Savage, or Marlin, we all have one of those little .22s in the back of the safe. So dig it out and lets fire 'em up.
